## Info to Pass to your Membership

In the coming weeks, IPSSA will be driving social media advertising to the Find a Pool Professional search tool on IPSSA.com. This advertising will be through Facebook and Instagram - targeting the public in regions where we have chapters. We want to help you grow your business—if you have not updated your business profile (company logo, social media links, webpages) through the Member Portal your business will not stand out to potential customers. Need portal access?
